The Mason/Tender teams will compete against each other and the clock in this unique competition. Teams will go head-to-head in three unique and challenging masonry projects installing a Pacific Clay thin brick profile, a Cultured Stone grouted profile, and a Creative Mines dry stack profile. They will have 45 minutes to complete each profile. Good Luck to your Team, and don't forget you get **Extra Points** for **Creativity** on the **Brick Profile** if you are daring enough to do a brick pattern.
